

SimTech **AITCHISON**

Aitchison Transfer Roller TR275

Working width	2.75m
Transport width	3.00m
Roller diameter	600mm
Weight empty	945kgs
Weight ballasted	1920kgs
Tractor required	80-150hp

The hydraulic top link allows tractor weight to be transferred onto the roller. This buries stones, takes out ruts and flattens slugs!
